Principal

Policy for Green campus initiatives

Restricted entry of automobiles:-

Other than the college parking lot, two-wheelers and four-wheelers are not permitted. A worker has been assigned to park the vehicles in the allotted area in an orderly manner.

Students, Staff using bicycles:-

Many of the students and some employees use bicycles to come to the college. Many students from villages in the vicinity come to the Central Bus Stand from their respective villages by bus and prefer to walk down to the college. Besides, students living within the perimeter of 3 to 4 km also walk to the college. The Independence Day and Republic Day both are observed as no vehicle days.

Pedestrian Friendly pathways:-

At the entrance of the college premises, there is a pedestrian road leading to the main administrative building, hostel, and canteen. There is also a pedestrian pathway at the Competitive Guidance Centre of the college which leads to Gate No. 2.

Plastic free campus:-

Students are appealed not to use plastic materials to maintain plastic free campus. In this regard instructions are given to students in the class rooms as well as notice boards. The premises are also kept clean through cleanliness campaigns with the help of NCC Cadets & NSS Volunteers. Students are instructed to use garbage cans for disposal of water, pouches, plastic bags, which helps in maintaining cleanliness on the campus. Dustbins have been kept in each class room, library, office, and staffroom. All this garbage is collected with the help of non-teaching staff and transferred to the garbage truck of the Municipal Corporation for disposal. On 14th Aug. Cleanliness Drives are organized every year in the college on the eve of Independence Day. Similarly on the eve of the Republic Day and Birth anniversary of Mahatma Gandhi cleanliness campaigns are organized.

Paperless office: -

In the college office most of the work is done paperless. Softwares have been installed for fees and most of the information is put in the college website instead of using hard copies. Scholarship forms are also filled up online.

Landscaping with trees and plants:-

Trees are planted regularly in college premises. A gardener has also been appointed to preserve the trees of the area. The college has its own premises in the MIDC area in Jalgaon city, where also trees are planted.
