I am also grateful to Mr. Shubham Ishware, Internship Supervisor for all the cooperation and support. I'm also thankful to all the workers who gave detailed information about every sector and process. I'm thankful to KBCNMU, Jalgaon for giving us the opportunity of internship I am also thankful to staff of the company and all workers. I am thankful to all the faculty members Dr. Ganesh Jethave Sir, Mr. Sagar Patil Sir, Dr. Bharati Koli Mam, Mr. Chetan Patil Sir, Ms. Shubhangi Patil Mam and Ms. Quamrin N. Shaikh for their support and guidance.

## CONCLUSION

This internship was most amazing time of my career as a chemistry student till now. It helped me to get the overview of an industry. Also made me familiar with industrial culture, working, record maintenance, documentation work etc. A comprehensive study on the working of machines was also offered during the course by the mentor. Basic necessities were taught here which are important for a person to follow while visiting a plant. This company specifically provided me a chance of understanding each and every plant working/processing in detail.

After this internship, I am pretty much confident to go out in any kind of industry and work there as Chemistry intern. This internship taught me important things like discipline, time management and communication.
