One-day Faculty Development Programme (FDP)

On

Research Methodology

Report

Dr. Annasaheb G.D.Bendale Mahila Mahavidyalaya, Jalgaon organized one-day faculty development programme (FDP) on Research Methodology. The FDP was jointly organized by IOAC, the Research Development Committee, and the Faculty Development Committee of the college. This one-day event was held on 3rd April 2024. A total of four sessions were conducted during the Faculty Development Programme (FDP). The inaugural session, dedicated to inaugurating the FDP, marked the beginning of the event. The second session provided a comprehensive overview of research methodology in a general context. In the third session, tailored discussions on research methodology for the Science, Arts, and Commerce streams were conducted. The primary objective of the Faculty Development Programme (FDP) was to enhance the research skills and knowledge of faculty members across various disciplines, fostering a culture of academic excellence within the institution.

The inaugural session of the one-day Faculty Development Programme on Research Methodology commenced at 10 am. Prof. Dr. B.V. Pawar, Director, IMR, Jalgaon delivered the inaugural speech. He emphasized the importance of research in academia and its pivotal role in fostering innovation and advancement. He also highlighted the significance of equipping faculty members with robust research methodologies to enhance the quality of research output. The inaugural session concluded with a vote of thanks.

In the 1st session, Dr. B.V Pawar, Director, IMR, Jalgaon was the resource person. He talked about ‘How to Write Good Research Proposals and Approach to Various Funding Agencies’ This session aimed to provide insights and guidance to researchers and academics on the essential elements of writing compelling research proposals and navigating the process of engaging with funding agencies effectively. The session was attended by faculty members who eager to enhance their understanding of the grant proposal writing process. The speaker commenced the session by providing an overview of the importance of research proposals in securing funding for academic projects. He emphasized the significance of crafting clear, concise, and compelling proposals that align with the objectives and priorities of funding agencies. The speaker delved into the key components of a research proposal, including the problem statement, objectives, methodology and expected outcomes. A significant portion of the session was dedicated to discussing strategies for engaging with various funding agencies, including governmental bodies, private foundations, and international organizations. The speaker provided insights into understanding the funding landscape, identifying suitable funding opportunities, and tailoring proposals to meet the requirements and priorities of different funding agencies. The guest lecture concluded with an interactive question and answer session, allowing participants to seek clarification on specific aspects of research proposal writing and funding agency engagement. Participants actively engaged with the speaker, seeking advice on addressing common challenges encountered during the proposal writing process.

The second session was about Research Methodology. For the session all faculty members were present. The principal of the college, Dr. Gauri Rane guided in the session. The speaker, an expert in research methodology, delivered a comprehensive presentation on the key concepts and techniques involved in conducting research. The speaker began by defining research methodology and emphasizing its significance in generating reliable and valid research findings. She highlighted the systematic process of collecting, analyzing, and interpreting data to address research questions effectively. The speaker discussed the different types of research methods, including qualitative, quantitative, and mixed methods. Various data collection methods, such as surveys, interviews, observations, and experiments, were discussed in detail. The speaker emphasized the importance of selecting appropriate methods based on research objectives and target populations. This session on research methodology provided attendees with a comprehensive understanding of essential research concepts and techniques. The practical examples and real-world applications shared by the speaker enhanced attendees' knowledge and skills in conducting research effectively.

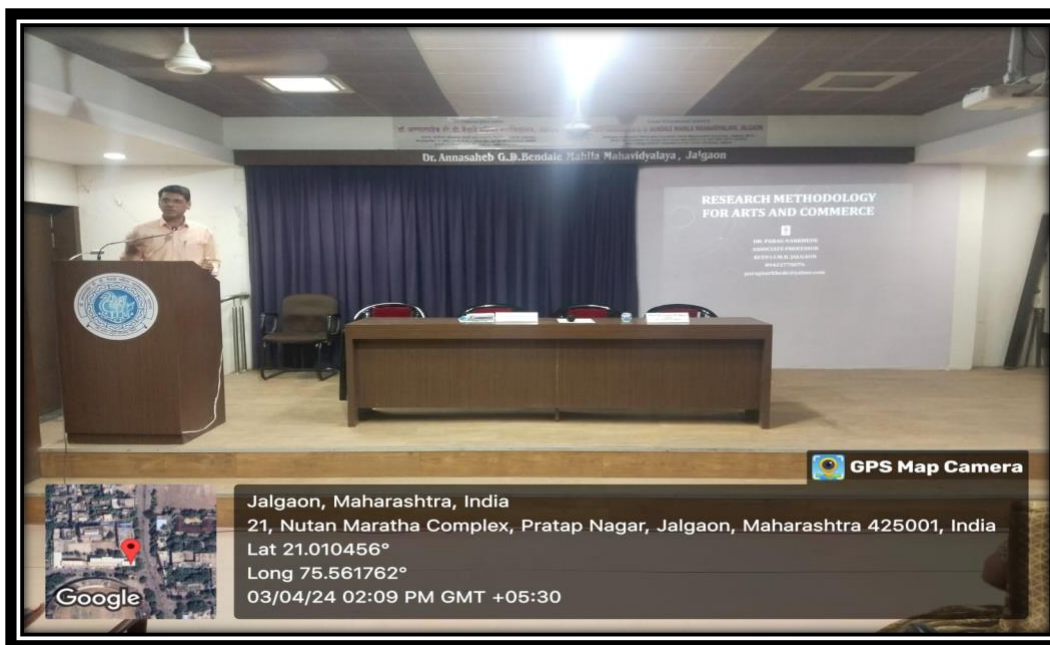

After the lunch break, the third session began at 2 pm with two concurrent lectures: "Research Methodology in Science" delivered by Dr. Vikas V. Gite, School of Chemical Sciences, KBCNMU, Jalgaon. He engaged the lecture in the Meeting Hall of the college, and "Research Methodology for Commerce and Arts" delivered by Dr. Parag Narkhede, KCE Society's Institute of Management and Research, Jalgaon. He delivered his talk in the Dhande hall of The College.

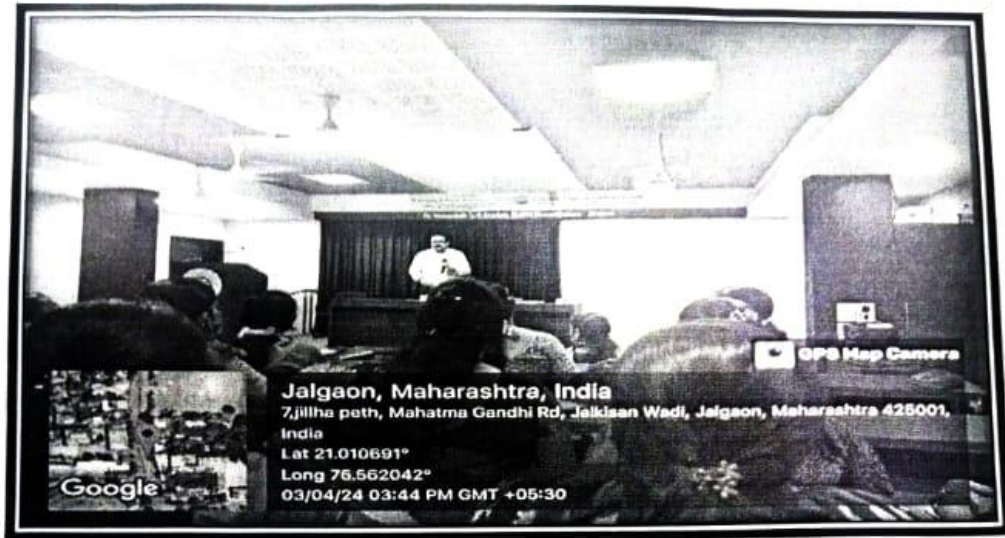

During the lecture, Dr. Vikas Gite emphasized the significance of a systematic approach to research in science, highlighting the need for clear objectives, rigorous data collection methods, and robust data analysis techniques. The speaker discussed various research methodologies commonly used in scientific studies, including experimental design, observational studies, and case studies, and provided insights into when each method is most appropriate. Furthermore, he emphasized the importance of ethical considerations in scientific research, stressing the need for researchers to adhere to ethical guidelines and standards to ensure the integrity and validity of their findings. The speaker also discussed the role of peer review in the scientific research process and highlighted the importance of critically evaluating and interpreting research findings. The lecture was attended by faculty members of Science, to enhance their understanding of research methodologies.

Dr. Parag Narkhede began the lecture by explaining that research methodology is a structured way of studying and analyzing occurrences to produce new knowledge. He stressed the need for research methods in arts and commerce to cultivate critical thinking, problem-solving, and decision-making abilities. The guest speaker emphasized the importance of research techniques in arts and commerce by highlighting their function in fostering creativity, promoting innovation, and facilitating strategic planning. He explained the role of research methods in investigating cultural trends, consumer behaviour, market dynamics, and economic patterns to guide decision-making. He demonstrated the practical use of research methodology in arts and commerce by providing real-life instances. These included conducting market research to determine consumer preferences, analyzing cultural practices to measure their influence on economic activities, and assessing the efficacy of marketing strategies. He urged the gathering to utilize research techniques to tackle current difficulties in the fields of arts and commerce.

Session IV was for all faculty members. It was commenced at 3.30 pm. The topic of the session was Research Publication Ethics, Plagiarism, Citation and various Indices. Dr.V.S.Kanchi, M.J.College, Jalgaon was the speaker of the session. In the beginning, Dr. Kanchi discussed the fundamental principles of research publication ethics, emphasizing integrity, honesty, transparency, and accountability in scholarly communication. He highlighted the importance of adhering to ethical guidelines and standards to uphold the credibility and trustworthiness of research publications. The guest speaker elaborated on the concept of plagiarism. He underscored the detrimental impact of plagiarism on academic integrity and emphasized the need for researchers to cite sources accurately, paraphrase appropriately, and avoid any form of intellectual dishonesty. The lecture delved into the significance of citation practices in academic writing. He discussed different citation styles such as APA, MLA, and Chicago, guiding participants on how to cite sources accurately and consistently. Dr. Kanchi provided an overview of various indices used in academic publishing to evaluate the quality and impact of research publications. He discussed popular indices such as the Impact Factor, h-index, Scopus, and Web of Science, explaining their significance in assessing the visibility, influence, and reach of scholarly work. He emphasized the importance of understanding these indices to enhance researchers' visibility and reputation in their respective fields.

The Valedictory session commenced with a warm welcome address by the organizing committee, expressing gratitude to all the participants, resource persons, and sponsors for their contributions to the success of the Faculty Development Programme. In the session participants were invited to share their feedback and reflections on the Faculty Development Programme, highlighting key takeaways, challenges faced, and suggestions for future improvement. Certificates of participation were awarded to all attendees as a token of appreciation for their active engagement and commitment to professional development. The valedictory session concluded with a vote of thanks extended to all the participants, resource persons, organizers, sponsors, and support staff who contributed to the successful conduct of the Faculty Development Programme.
