

Best Practices-1

Title of the Practice – Vibrant Research Environment

- 1. Objectives of the Practice** – To inculcate research skills and to develop interest and awareness about research among students and faculty.
- 2. Context:** Research propels humanity forward. It is fueled by curiosity. It has left an undiminished mark on society and will forever be the basis for any genuine advancement in human society.
- 3. Practices:** Research and Development Committee organized various lectures and programmes in the college to get professors involved in research. College introduced Research Promotion Scheme for budding researchers with the aim of increasing the participation of the students in the research and the 'Avishkar' competition.
- 4. Evidence of Success** – Received grants from various agencies-
 - a. Grant of Rs.950000/- under RGSTC.
 - b. Grant of Rs.1847500/ under VCRMS.
 - c. Grant of Rs.6039360/-under DST - CURIE.
 - d. Financial assistance of college for Research Promotion Scheme for Budding researchers Rs. 9316/-
 - e. Number of paper published by faculty - 50
- 5. Problems Encountered and Resources Required** - Over the past few years, grants from various agencies have been stopped or delayed, damping researchers' enthusiasm. If the UGC MRP scheme is resumed, the research work will grow stronger.
- 6. Notes (Optional):** NIL
