

ज्या विद्यार्थिनी आपले मागील वर्षाचे Mahadbt - Portal एप्लीकेशन चे User Name विसरले असतील त्यांनी खालील प्रमाणे Forgot User Name Option चे वापर करून आपला Mahadbt Portal एप्लीकेशन चा User Name रिकव्हर करता येईल.

Forgot User Name :

If Applicant Forgets User Name which is used for login into the DBT Portal then click on Forgot User Name button on the Home DBT page.

NOTICE Applicant will have to enter Full Name, Mobile number which is registered on the portal and Date of birth. After entering the details, Click on Get User Name button.

After clicking on Get username button, the above pop up message will be displayed. Click OK.

Applicant will receive SMS on the Mobile number which was used while registration into the Portal which will display the Username. User should enter the username next time while logging in.

A screenshot of a web application login page. The page has a white background with a blue header bar containing a right-pointing arrow icon and the word "Login" in orange. Below the header, the text "Applicant Login Here" is displayed in blue. There are three input fields: the first is labeled "Enter UserName", the second is a password field with "*****" characters, and the third is a CAPTCHA field. The CAPTCHA image shows the letters "MDVFS" in a blue, pixelated font. To the right of the CAPTCHA image, the text "Refresh" is in blue, and "Enter the text shown in image" is in black. Below the input fields, there are three buttons: a green button labeled "Login Here", a blue button labeled "Forgot Password", and a red button labeled "Forgot Username".
